Form 04AN347E, Medical and Social History Report for Adoption Instructions

Form 04AN347E is completed to record the medical and social history of the child placed for adoption.

The cover sheet identifies the child and birth parents and is attached to the report filed with the court and may be retained by Oklahoma Department of Human Services (OKDHS), a licensed child-placing agency, or an attorney representing a party in the adoption proceeding.

Form 04AN347E requests information required by 10 O.S. § 7504-1.1 subsections B and C that is reasonably available from each biological parent, from any person who has had legal or physical custody of the minor, and from any other relative, or other person or entity who can provide information that cannot otherwise reasonably be obtained from the biological parents or a person who has had legal or physical custody of the minor and includes:

1. a copy of all medical, dental, and psychological records of the minor obtained from anyone who has provided medical, dental, or psychological services to the minor; and
2. a copy of all of the minor's educational records.

Stepparent adoption: When the petitioner for the adoption of a minor is a stepparent of the minor and the minor will remain in the legal custody of one biological parent and the stepparent following the adoption, only the medical and social history of the parent whose parental rights are sought to be terminated and that parent's biological relatives is compiled in the medical and social history report.

Relative adoption: When the petitioner for the adoption of a minor is related to the child, only the medical and social history of the parent who is not related to the petitioner and the biological relatives of such parent is completed in the medical and social history report.

**Notice to biological parent, adoptive parent, or
any person who submitted information for this report**

Pursuant to 10 O.S. § 7504-1.1 E.2, OKDHS, the licensed child-placing agency, attorney for the adoptive parent, or person who prepares the medical and social history report shall advise the biological parents, any other persons who submitted information for the report and the adoptive parent that additional information about the adopted person, the biological parents, and the adopted person's genetic history that becomes available may be submitted to OKDHS, the licensed child-placing agency, attorney, or person who prepared the report or if the location is known to them, to the clerk of the court that issues the decree of adoption. Nothing in this section shall require that the location of the court in which the adoption action is filed be revealed to the biological parents, biological relatives or other persons who submitted information for the report, if the location is not otherwise known to them.

When feasible, the biological parents, legal or physical custodians of the minor or other biological relatives are assisted in providing information for the medical and social history report by trained professionals employed by the: (1) OKDHS; (2) licensed child-placing agency; or (3) attorney for the adoptive parent.

The court may request that a biological parent, a present or former legal or physical custodian of the minor, a biological relative, a school, or a medical, dental, or psychological care provider for the child supply the information or records required by 10 O.S. 7504-1.1.

When printing document sections for handwritten completion print:

- pages 5 - 24 for Section 1. Child's Medical and Social History;
- pages 25 - 45 for Section 2. Mother's Medical and Social History; and
- pages 47 - 67 for Section 3. Father's Medical and Social History.

14. Circumstances leading to adoption

Describe the circumstances leading to this adoption.

Birth Mother is not in a relationship w/ birth father. Marriage was talked about but did not happen due to birth father being unstable in his life. He is currently staying with a sister that is on drugs and he does not have his own transportation. I am aware that he is working. The birth father told birth mother to get an abortion since pregnancy was confirmed. There has been mental/emotional abuse from the birth father due to telling birth mother the baby is not his several times. Birth mother is not mentally stable for another child due to having 6 kids all ready. 3 are grown + 3 are still at home. Also I'm not financially stable, only working around 24-30 hours a week.

List who in the birth mother's family is aware of the adoption and describe the person's reaction.

Relationship to birth mother	Reaction
mother (Beverly Tyson)	she's supportive of decision due to going thru process when she was younger.
