

RILEY &

CHANCE

HELLO, EXPECTANT PARENT(S)!

WE ARE
CHANCE & RILEY

We have two precious little boys, Cooper is 4 years old
and Coulter is 2 years old.

WE FEEL VERY BLESSED

to have been given two biological children, but it is unsafe for Riley to carry again. We have always felt called to grow our family through adoption and are very excited for this opportunity.

We understand what an emotional decision this may be, but we admire your **COURAGE** and **SELFLESS ACT** allowing us to gain another child to love unconditionally. **THANK YOU** for getting to know our family, and we pray that the Lord will guide you in this decision.

READY FOR THE HOLIDAYS

OUR LOVE STORY

— ● —
began our first year
of college.

FUN AT TARGET TOGETHER

We caught each other's eye while working on a service project through a shared organization, and developed a year long friendship prior to dating. We joke that it took forever to convince Chance to ask me on a date, but for me, it was love at first sight. He was dedicated to a year of rooting himself in Christ without distractions, and I have come to appreciate his commitment although it was hard to be patient at the time. We were married three years later, and have now been married for ten years.

What makes our marriage strong is that we are quite different in many ways, but we have a shared mission in life which is to live in a way that points others to Christ. This has a major impact on how we view the gift of children as we are committed to raising followers of Jesus.

OUR LIFE IS BUSY, BUT WE WOULD NOT CHANGE IT FOR THE WORLD. We enjoy playing sports and superheroes in the backyard most evenings. On the weekends, we love to attend sporting events and to spend time with family.

WE LOVE TO
TRAVEL AS
A FAMILY!

One thing Riley's family did, that we would like to continue in our family, is to give our children experiences as gifts such as travel and vacations.

We will spend many summers on the road and visiting various places to experience the United States. As our children get older, we hope to travel all over the world.

CHANCE

written by Riley

Chance is the most patient, humble, and kind man. He puts the needs of his family and others above his own in every circumstance.

CHANCE LOVES TO GRILL!

TINKERING AT HOME

He is the jungle gym, Wrestling buddy, and teammate for whatever sport our boys decide to play in the backyard. Cooper and Coulter wait anxiously every evening for their Dad to come home and play. **My husband is most excited about TEACHING OUR CHILDREN TO BE GODLY LEADERS, WORK HARD, AND SERVE OTHERS.**

Our lives are quite busy as we both work full time jobs, are active in our church community, and we cheer on our children as they participate in various activities. That being said, Chance is the leader of our home who slows us down and makes sure everyone is seen, heard, and loved.

I AM A FAMILY MEDICINE PHYSICIAN. I take care of children and adults. It is a pleasure to meet the needs of my community in such a role, and I feel confident that the Lord has called me to serve him through medicine.

RILEY

written by Chance

Riley is very caring and compassionate. She has a heart for meeting the needs of those around her. I love how her smile can brighten any day, and it is a joy to watch her interact and play with our two boys.

PLANNING A LESSON

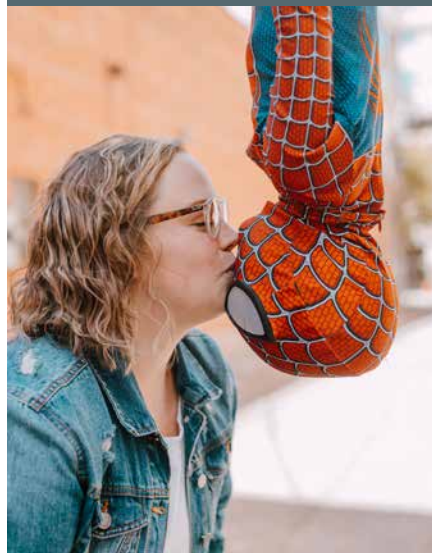

COOKING DINNER

Our boys light up when their mom cheers for them as they play various sports in the backyard. **My wife is most excited about RAISING CHILDREN THAT SPREAD THE LOVE OF JESUS, WORK HARD AT WHATEVER THEY DO, AND SHOW KINDNESS TO WHOEVER THEY ENCOUNTER.**

We have faced many challenges such as a miscarriage, medical school, and one of our boys having to stay in the pediatric ICU due to RSV. Although difficult, these trials have brought us closer together and deepened our trust in the Lord. There is no one I would rather do life with than her.

I AM A CURRICULUM SPECIALIST AT AN ELEMENTARY SCHOOL. I work with teachers so that they are able to use curriculum to educate children in a way that best meets their individual needs. I am confident that the Lord has placed me in my role to be a light to the adults and children around me.

OUR BOYS

COOPER & MOM

READY TO MOW

MEET COOPER

Cooper is 4 years old and loves to play any and every sport. He also enjoys dressing up as a superhero and fighting the "bad guys." He is the more reserved of our two boys but is warm, kind, and loves to make sure all are included. He is shy when you first meet him, but eventually his silly side comes out and he likes to make people laugh.

MEET COULTER

Coulter is 2 years old and also loves to play any and every sport. He joins his brother in fighting the bad guys. Coulter is the more rambunctious of the two, but he has a gentle heart. He is far more outgoing, but loves to make people laugh just as much as Cooper.

COULTER WITH FACE PAINT

SUPERMAN OR COULTER?

WE PROMISE...

- To raise our children to love and follow Jesus.
- To raise our children to be positive contributors to society.
- To teach our children to work hard in everything they do.
- To teach our children that all choices have consequences: good and bad.
- To love our children unconditionally but maintain high expectations for them.
- To teach our children how to be humble and serve others.
- To teach our children to take care of those in need.
- To provide our children with experiences not just material things.
- To guide and encourage our children to pursue their God given gifts.
- To incorporate our child's heritage into our lives.
- Our willingness to have an open adoption.
- To honor our child's birth parents in our family.
- To speak to our child about adoption.

OUR HOME

We live in Amarillo, Texas. It is a rural community in the Texas Panhandle.

It may seem like not much is here, but it is a growing community with endless opportunity for our family. **Amarillo is just inside the northwest border of Texas, so we have quick access to New Mexico, Colorado, Oklahoma, and Kansas.** We particularly enjoy visiting New Mexico and Colorado to snow ski and relax in the mountains. We live on a one acre lot in a neighborhood of families with young children. Our neighborhood makes it easy to go out and ride bikes, go on family walks, and have afternoon or evening playdates with the children next door. Our large backyard makes it easy to play sports with our boys, be superheros, and just goof around. The weather is always changing here, so it's hard to get too much of one season. Depending on the time of year, it sometimes feels like we get all four seasons in one day. The part of Amarillo we live in is rapidly growing and offers innumerable options for schooling that are all fantastic.

OUR FAMILY

Riley has a large family with one older brother and two younger sisters. Her parents and older brother with his family live close to the Amarillo area. One sister and her family live in Plano, TX while the other sister and her husband live in College Station, TX. They all love to get together at any time for any reason and it is always a blast.

Chance has one younger brother and two younger sisters. His parents divorced when he was 6. His family is not very close, but as the years have gone by they have started to get closer. Get togethers with his family are not as frequent but are still enjoyable. His dad and step mom live in Guymon, OK, while his mom and step dad live in Lubbock, TX. His brother lives in their home town with his wife and three kids. One of his sister's lives in Houston and works as a physical therapist while his youngest sister lives in Lubbock and is finishing up her college degree.

CHILDREN

- **Cooper**- 5/10/19- Biological. Cooper is kind-hearted, patient, and reserved.
- **Coulter**- 3/31/2021- Biological. Coulter is feisty and rambunctious, but he is very sweet and snuggly.

Both boys love playing outside, pretending to be football players, superheroes, and bull riders, and wrestling with their dad.

INTERESTS AND HOBBIES Chance enjoys reading and working on carpentry projects. Riley enjoys anything competitive and sports related. As a family we enjoy traveling, exploring new places, hosting friends and family in our home, and attending events in our community.

HOME Our 4 bedroom 3 bathroom home is on a 1 acre lot in a friendly neighborhood. We have lots of space for outdoor activities as well as indoor space for hosting friends and family. Many young families live around us, and our neighborhood likes to put on an annual parade and frequent cookouts/social events.

WHY ARE YOU INTERESTED IN BUILDING YOUR FAMILY THROUGH ADOPTION? We feel very blessed to have been given two biological children, but because mom has abnormal reproductive anatomy, it is unsafe to carry again. We have always felt called to grow our family through adoption and are very excited for this opportunity. We understand what an emotional decision this may be for the birth parent(s), but we admire your courage and selfless act allowing us to gain another child to love unconditionally.

OPENNESS TO BIRTHPARENT(S) Birth Parent(s), we look forward to forming a relationship with and maintaining contact with you. For us this looks like exchanging pictures, letters, phone calls, text messages, and visits.

CHILDCARE PLANS For the first 6 weeks after placement, mom will stay home with the baby. For the following 6 weeks, grandmother will take care of the baby. After 12 weeks, the baby will attend childcare at Primrose School of Amarillo with his/her two older brothers.

THANK YOU

FOR TAKING THE TIME TO
READ OUR STORY AND
CONSIDERING OUR FAMILY.

We know this is not an easy decision but we admire your courage and selfless act allowing us to gain another child to love unconditionally. We pray that the Lord will guide you in this decision and promise that this child will be loved as our own.
